WOA Dues

WOA “Registered” officials are charged two types of dues annually. These dues are monies paid to the WOA from the official’s ArbiterPay account. Dues come out of the first game earnings of the year and help to cover the operating costs of the WOA and official’s benefits.

There are two types of dues;

- General Membership
- Sport Specific

NATIONAL ASSOCIATION OF SPORTS OFFICIALS

+

- ❖ General Membership Dues cover the cost of general liability insurance through NASO (National Association of Sports Officials) ensuring that any game you work at any level you are covered up to 6 million per occurrence liability insurance.
- ❖ These dues also help cover the general operating costs of running the WOA organization in support of registered and certified officials and associations state-wide
- ❖ For a full listing of all the NASO membership benefits visit <https://www.naso.org/member-benefits/>
- ❖ Coverage period is August 1st – July 31st annually. Winter and Spring sports officials are covered for any games worked prior to their HS season during this coverage period provided they register as an official during their HS season.

WOA MEMBERSHIP DUES: \$80 Annually

Note: This is a \$15 increase from the 2021-22 school year but is equal to the \$15/game fee raise that officials received for the 2022-23 school year. This means working a single game at the new game fee rate covers the cost of this dues increase.

These dues cover the costs associated with each specific sport. The following are a few of the examples of what these costs cover;

- ❖ Rule/Case Books
- ❖ Mechanics Manuals
- ❖ WOA Operating Costs
- ❖ Sports Specific Operating Costs

Officials pay this portion of the dues for each sport they work.

Sport Specific Dues

Cost \$30 per sport annually

Multi-Sport Officials:

- If you work Football, Basketball and Baseball you will pay \$30 for each sport totaling \$90.
- Sports variations based on gender or type are considered one sport (i.e., Boys Spring Soccer/Girls Fall Soccer or Fall Slow-Pitch/Spring Fast-Pitch Softball). Officials are only charged a single \$30 dues if working one or both.

ArbiterPay Dues Transactions Example

Placeholder	These are the WOA and Sports Specific dues that are owed by the official. When an official becomes WOA Registered, they agree to have ArbiterPay deduct WOA from their game earnings. These transactions are entered as placeholders until monies are earned by the official and then they are cancelled as dues are paid.
Rollup	This amount is the total of the 3 separate dues transactions rolled into a single AR account. You can see in the notes section the corresponding transactions #'s that this single amount comprises. The 3 blue Transaction IDs in this case reflect the 2 Sport Specific dues and WOA dues (3 separate dues amounts).
Cancelled	Represents a "placeholder" that was put on the account and that will eventually be cancelled by the AR rollup transaction, that itself will be cancelled as monies are applied against the amount owed by an official.
Executed	Transactions that either add or remove money from your ArbiterPay. The description will explain what the add or deduct is for. "Fulfillment to AR balance..." means monies are being deducted to pay dues owed to the WOA.
AR Payments	To begin each official will begin with an AR balance owed (GREEN FIELD). When the official earns their first game fees, the AR balance will begin to be reduced until it reaches a zero balance. Once the AR amount owed has been paid, all future money will begin to positively build the official's ArbiterPay balance. As you can see from the example above, the transaction on 9/15/2022 paid in full the remaining \$52.75 AR balance and you can see the official now has a positive ArbiterPay account balance.

Dues Increase Policy

- ❖ WOA dues increases are tied to official's game fee increases. If the WOA negotiate an official's pay raise, dues shall be adjusted annually by the same amount
- ❖ An increase to the sport specific dues would increase the dues amount owed for each sport an official works. Multi-sport officials would be affected in this case by paying the increased amount for each sport they work.
- ❖ In the 2022-23 school year the WOA Executive Board has approved to apply the \$15 game fee increase to the General Membership dues portion meaning officials will only pay an additional one-time fee of \$15 for the 2022-23 school year.
- ❖ Dues increases in subsequent years will be approved by the WOA Executive Board prior to the start of each season. Dues may be applied to either the sport specific or general membership portions of the dues.
- ❖ Dues increase pay for them selves by working a single games as the amount equals the amount officials gain in game fee earned.

How Dues Increases Affects Me?

Since the \$15 game fee increase is applied to the General Dues portion, officials in the 2022-23 season will be charge \$80 instead of \$65. However, as you can clearly see in the example below the return on the investment is worth it.

Year	Game Fee	Games	Gross Earning	Dues	Net Profit
2021-22	\$50	25	\$1,250	\$65	\$1,185
2022-23	\$65	25	\$1,625	\$80	\$1,545

A \$15 dues increase nets you \$360 increased net profit the same number of games worked.

WOA Mileage Explained

- A standard mileage rate of \$18 is paid.
- Mileage is based on the assigning group. Officials working neighboring associations DO NOT get additional mileage.
- Mileage is paid one time per game site regardless of how many games are worked.
- Adjustments due to extenuating circumstances may be considered but must be approved by the WOA Executive Director.

Mileage Breakdown Example

WOA Mileage

IRS Mileage

The WOA pays a flat \$18 mileage rate per site. The current IRS mileage rate is \$.625 cents per mile. How do these rates compare when it comes to official's travel pay? Travel fees over the course of an entire season should be used when doing any analysis on mileage page.

Games	Miles Per Game	Total Miles	IRS Mileage Per Game (\$.625/mile)	WOA Flat Rate Per Game (\$18)
5	5	25	\$3.13/gm x 5 games = \$15.63	\$18 x 5 games = \$90
5	10	50	\$6.25/gm x 5 games = \$31.25	\$18 x 5 games = \$90
10	20	200	\$12.50/gm x 10 games = \$125.00	\$18 x 10 games = \$180
5	50	250	\$31.25/gm x 5 games = \$156.25	\$18 x 5 games = \$90
Total Mileage Earned			\$328.13	\$450.00

FOOD FOR THOUGHT: If the WOA paid the IRS rate for a game where you drove 5 miles total, then the officials would be paid \$3.13 versus \$18. In this case the officials benefits greatly from the higher flat rate fee the WOA pays. Mileage should be reviewed as a total and not just a single game.
